Dear Jimmy,

Introducing our new Parental Payment System, powered by sQuid!

I would like to update you on an exciting new online payment service we are about to launch at the school. This system is a convenient and secure way to pay for your child's school trips and items such as uniforms, dinner money and more!

This means:

- There is no need for your child to carry cash or cheques into school,

- You have an easy to manage and monitor accounting system for making payments to the school,

- Payments can be made online by bank card, bank transfer or at a PayPoint (for those without debit or credit cards).

Very soon we will be sending another communication containing **Jimmy's*** unique sQuid Registration Number (SRN) with easy to follow instructions. It is free to register and to create an account; the on screen instructions are also clear and easy to follow.

To find out more and for full Terms and Conditions go to: http://www.squidcard.com

You have received this communication as a hand delivered letter because we do not have your current email address. The new system is packed with features that make it easy for us to collect payments, notify you of new payments and remind you when those payments are due.

Could you please speak to the school office at your earliest convenience to update our contact database with your email address and mobile number so we can take full advantage of the system's contact features... this will also help the school save upwards of hundreds and possibly thousands of pounds annually in reduced paper, printer and admin costs as well as being much more environmentally friendly.

Yours sincerely,

Lawrence Royston

*If you have more than one child, you will receive an SRN for each child. You will need to complete the registration process individually for each student giving each account a unique username.

The Parental Payment System is powered by sQuid; a payment network company authorised under the Electronic Money Regulations 2011 (EMRs) to issue money.
